

# Wild Chesapeake Packages & Pricing Page

*Encounter. Educate. Empower.*  
Mobile Wildlife Education · Annapolis, Maryland

Every Wild Chesapeake program is **fully customizable** — built around the animals and stories you love most..

## HOW THEME SELECTION WORKS

Depending on which package you choose, you can select **1 to 3 different themes** to build your custom program. Each theme features a unique lineup of live Chesapeake Bay animals.

*Pick one theme for a focused deep-dive, or mix two or three themes for a richer, wide-ranging Chesapeake adventure.*

	Theme Name	Description	Animals and Activity	Target Age
1.	<b>Reef Critters</b> <i>Life Under the Waves</i>	Dive into the wild world of oyster reef life! Meet the critters who call the Oyster Reefs home. This theme brings the hidden underwater community of the Chesapeake to life — an ecosystem most people walk right past without ever knowing exists beneath the surface.	Mud crabs, grass shrimp, skillet fish, striped blenny, naked goby, and much more	All ages
2.	<b>All Things Oysters</b> Oh Shucks! The World of Oysters	Discover how oysters are nature's ultimate water filters, reef builders, and ecosystem heroes. This hands-on science theme shows kids that one of the Bay's most overlooked creatures is actually one of its most powerful. Part biology lesson, part wow moment — the oyster dissection alone is unforgettable.	Eastern oysters, oyster dissection, and oyster model	Ages 6+
3.	<b>Snap, Crawl, Slither</b> <i>Meet three fascinating bay friends</i>	Dive into the hidden world beneath the Chesapeake Bay surface. Come face to face with some of the Bay's most fascinating creatures. This theme features three animals that surprise and delight every audience — from the lightning-fast blue crab to the mysterious American Eel winding through murky Bay waters.	Maryland Blue crab, Mud crabs, and American Eel	All ages
4.	<b>Wild Science</b> <i>Solve It, Save It</i>	Put on your science hat and get to work! This hands-on, action-packed program turns curious kids into environmental detectives ready to make a difference.	Climate Change, Watershed Model, and Erosion station	Ages 6+
